Hi Everyone

How is everything thing back home. Boy o Boy was it hot today. I think it was about the hottest day we have had since we landed here in Georgia

Recived a letter from Milton Guinard today. He is in Air Corps. He is stationed at Keesler Field Mississippi. He is down there with Charlie Muccianone another fellow from Franklin. He could get a lucky break being sent into the Air Corps. This is one of the most respect outfits in the United States Army.

We sure are getting along in our training, we are going on a 10 day bivouack, as you probly know we are going to leave for it a week from Sunday. We are going to have a bad time of it. We are going to slept in tents during these 10 days. After our bivouack is over we will only have about 5 more days left.

I recived a letter from Aunt Sade last week I sure was surprised to hear from her. She is still down Oak Bluffs.

Please send me last weeks Boston Herald if possible. It is the one that tells about the life of Connie Mack.

Where has Chubb Tracy been sent to.

Please send me his address if you find out where he is stationed.

Received a letter from Dot today. She sure has been writing a pretty nice letter. Keep them coming because I sure do love to receive them. I got 6 today. It sure does feel good to receive them.

I have not had any time to take those pictures I was telling you about. I will try & send you some small pictures of me & the boys. They are the same type that I always send home. I sure do miss the old gang, but guess there is not many fellows left around the old town.

Big day tomorrow so will close. Please keep those letters coming

Love

Dick
